Refresh period
Unit limit per Key Refresh

Currency Limit per Key Refresh

Any SGC which is issued to the Requestor may only be used in circumstances when permission is given for that use by the applicable authority, which may include any applicable Regulator or supply authority. It is not permissible for the SGC to be used in any circumstances other than with the requisite permission. Any SGC issued to the Requestor is received by the Requestor on the basis that the Requestor is responsible for the proper and authorised use of the SGC and its associated vending keys. The STS Association will not be responsible or liable on any basis whatsoever arising from the Requestor's use of any SGC (or associated vending key) which is issued to the Requestor.

By signing below, I agree to accept all the conditions on this form, as well as the conditions of use contained in STS700-1 as published by the STSA.
